Proto Whey 900g

Price: \$69.00

Best Taste!: The unique Proto Whey flavors are so delicious you won't even know you're drinking a protein milk. Unlike other protein products which are thick pasty drinks and produce a bloated and heavy feeling in the stomach, Proto Whey is a light, rich tasting dessert drink perfect for children and other hard to please individuals. The wide range of flavors allows you to use Proto Whey multiple times daily for maximum benefit without repetition or boredom.

"Engineered For The Human Race": Because of its complete absorption and high efficiency of utilization, Proto Whey is an ideal product for athletes, for persons on a fat loss program, and for any individual trying to add quality whey protein to their diet.

Micro-Peptide Profile: Proto Whey is 100% extreme hydrolyzed whey protein - No inferior or deceptive whole whey isolates, concentrates or soy!. With over 50% di and tripeptides Proto Whey has a micro peptide profile. Requiring almost no further breakdown it is instantly and completely absorbed.

Dissolves Instantly: No blender or mixer required. Simply pour a packet of Proto Whey into water or other liquid and stir.

Micronized Fiber: Only Proto Whey contains SoftPsil, a proprietary process-engineered micronized psyllium fiber. This insures total protein absorption and makes Proto Whey highly effective in supporting colonic health.

Supplemental Glutamine: The addition of L-glutamine improves GI and immune functions and helps preserve muscle mass.
